**Core Business:**

Specializing in hazardous goods sea/air transportation, handling dangerous goods packaging certificates and customs inspections, dangerous goods warehousing and stuffing, maritime and port filings, providing comprehensive marine insurance services, and hazardous goods logistics training.

**Service Areas:**

Lithium batteries, new energy products, pharmaceuticals, specialty gases and refrigerants, and personal care products.

**Transportation Modes:**

FCL, LCL booking services and door-to-door services for various trade terms such as CIF/CNF/DDU/DAP/DDP/FOB/EXW.

## 09 Specialized Service - Transshipment Logistics

——To alleviate the burden of high-duty goods on import.

### Assisting Chinese companies in exporting anti-dumping products.

1. Booking from China to Southeast Asian countries/South Korea.
2. After the goods arrive at the ports in Southeast Asian countries/South Korea, MBM will arrange for empty container pickup based on the booking vessel for the transit, exchange containers, and then proceed with the export to the destination country.
3. We can provide customers with certificates of origin for Southeast Asian countries/South Korea to facilitate smooth customs clearance.
4. Serving products such as steel pipes, bearings, cabinets, fiberglass mesh, tiles, clothing, etc.

## SOC/Used Container Sales/Rental Services

1. MBM has container storage facilities in various locations such as Shanghai, Ningbo, Tianjin, Qingdao, Xiamen, Shenzhen, and Hong Kong. We specialize in buying and selling various types of used containers with ample supply and complete varieties. All containers sold meet the international standards of IICL and are suitable for sea and rail transportation. They can be directly used for export as SOC containers or for warehouse/storage purposes.

2. Our main container types include 20GP, 40GP, 40HQ, 45HQ, 20RF, 40RH, 20OT, and 40OT. Containers are in good condition, ranging from sixty to eighty percent new, and we also offer container reshaping repairs and container mobile housing services.

# MBM Service Philosophy

**Efficient  
Logistics**

**Innovative  
Integration**

**Empowering  
Excellence**

**Cross-border  
Win-Win**

MBM international logistics : Swift, efficient, secure, digitized, and comprehensive logistics services aim to truly create value, reduce costs for customers, promote efficient resource allocation, and enhance service quality and efficiency.

Committed to advancing the globalization, digitization, intelligence, greening, and sustainable development of logistics, with a high starting point in corporate positioning and high standards in service philosophy.
